

SteriTite® The Universal Container System

- Validated for pre-vacuum and gravity displacement steam as well as terminal and immediate use sterilization
- Validated for low temperature modalities such as STERRAD, Amsco V- Pro, SteriZone, EtO
- Maximizes instrument protection
- Cleared for internal and external stacking
- Use for sterilization of surfaces, lumens and flexible endoscopes according to manufacturer's instructions

SteriTite is a rigid, reusable sterilization container system, constructed of a heat treatable grade of anodized aluminum and passivated stainless steel hardware for a long useful life. Ideal for standardization, the SteriTite container is the only sterilization system that is corrosion resistant for all sterilization modalities, and the container of choice for custom designed instrument sets. The DIN sized containers are compatible with all surgical devices including orthopedic instrumentation and flexible endoscopes based on manufacturer's recommendations.

Part #	Description	Dimensions (L x W x H)
SC04FG	4" High Full Size Universal Sealed Container w/lid	23.5"x11"x4" (59.7x28x10 cm)
SC05FG	5" High Full Size Universal Sealed Container w/lid	23.5"x11"x5" (59.7x28x12.7 cm)
SC06FG	6" High Full Size Universal Sealed Container w/lid	23.5"x11"x6" (59.7x28x15.24 cm)
SC08FG	8" High Full Size Universal Sealed Container w/lid	23.5"x11"x8" (59.7x28x20.32 cm)
SC04F	4" High Full Size Solid Bottom Sealed Container w/lid	23.5"x11"x4" (59.7x28x10 cm)
SC05F	5" High Full Size Solid Bottom Sealed Container w/lid	23.5"x11"x5" (59.7x28x12.7 cm)
SC06F	6" High Full Size Solid Bottom Sealed Container w/lid	23.5"x11"x6" (59.7x28x15.24 cm)
SC08F	8" High Full Size Solid Bottom Sealed Container w/lid	23.5"x11"x8" (59.7x28x20.32 cm)

UNIVERSAL

Perforated Bottom with 4 filter retention plates

All SteriTite® container systems include covers with integrated filtration systems and silicone gaskets. Solid bottom containers are compatible with pre-vacuum sterilizers. Perforated bottom sealed containers are universal and have filtration systems in their base, cleared for all current sterilization modalities such as gravity displacement, pre-vacuum steam, V-Pro and STERRAD® Sterilization. Use with the respective basket or tray system.

– Additional Sizes

Part #	Description	Dimensions (L x W x H)
<i>Mid Size Sealed Containers</i>		
SC04QG	4" High 3/4 Size Universal Sealed Container w/lid	18.1"x11"x4" (46x28x10 cm)
SC06QG	6" High 3/4 Size Universal Sealed Container w/lid	18.1"x11"x6" (46x28x15.24 cm)
SC08QG	8" High 3/4 Size Universal Sealed Container w/lid	18.1"x11"x8" (46x28x20.3 cm)
SC04Q	4" High 3/4 Size Solid Bottom Sealed Container w/lid	18.1"x11"x4" (46x28x10 cm)
SC06Q	6" High 3/4 Size Solid Bottom Sealed Container w/lid	18.1"x11"x6" (46x28x15.24 cm)
SC08Q	8" High 3/4 Size Solid Bottom Sealed Container w/lid	18.1"x11"x8" (46x28x20.3 cm)
<i>Half Size Sealed Containers</i>		
SC04HG	4" High Half Size Universal Sealed Container w/lid	12.3"x11"x4" (31.2x28x10 cm)
SC06HG	6" High Half Size Universal Sealed Container w/lid	12.3"x11"x6" (31.2x28x15.24 cm)
SC06H	6" High Half Size Solid Bottom Sealed Container w/lid	12.3"x11"x6" (31.2x28x15.24 cm)
SC08H	8" High Half Size Solid Bottom Sealed Container w/lid	12.3"x11"x8" (31.2x28x20.3 cm)
SC04H	4" High Half Size Solid Bottom Sealed Container w/lid	12.3"x11"x4" (31.2x28x10 cm)
SC08HG	8" High Half Size Universal Sealed Container w/lid	12.3"x11"x8" (31.2x28x20.3 cm)
